DECEMBER - 1892 -
WESTPORT HARBOR, MASS.
FIELD SKETCH
SHOWING DEPTH OF WATER AT M.L.W. IN "ACOAKSETT RIVER" FROM "HALF MILE ROCK" TO THE JUNCTION OF THE E. AND W. BRANCHES OF THIS RIVER, ALSO THE POSITION AND EXTENT OF JETTY BUILT BY THE U.S.
SCALE 1" = 200'
Note.
Soundings taken with pole and located by running on range lines, taking depths at equal intervals of time: the ends of each line are determined by reference to either high or low water lines, or by cut-off ranges.
All measurements are made with the stadia
Bearings are determined with the transit and magnetic needle.
